Chorus musical notation in 4/4 time. The melody is on a single staff. Chords are indicated above the staff: F, B<sup>b</sup>, C, F, B<sup>b</sup>, C. The lyrics are: "An - i - mals use their heads eve - ry day. They use their heads in dif - ferent ways."

## Verse

Verse musical notation in 4/4 time. The melody is on a single staff. Chords are indicated above the staff: F, B<sup>b</sup>, C, F, B<sup>b</sup>, C, F. The lyrics are: "1. What can cam - els do with their heads? They blink, blink, blink. Their eye - lash - es block sand and sun. They have two rows in - stead of one!"

## Interlude

Interlude musical notation in 4/4 time. The melody is on a single staff. Chords are indicated above the staff: F, B<sup>b</sup>6, C6, F, B<sup>b</sup>6, C6.

### Verse 2

What can owls do with their heads?  
They turn, turn, turn.  
They turn their feathered heads around  
to see behind and on the ground.

### Verse 3

What can otters do with their heads?  
They hunt, hunt, hunt.  
They hunt in water every day.  
Their whiskers help them locate prey.  
(Interlude)

### Chorus

### Verse 4

What can penguins do with their heads?  
They grip, grip, grip.  
Their tongues have spines to catch their prey.  
Slippery fish can't get away!  
(Interlude)

### Verse 5

What can young goats do with their heads?  
They play, play, play.  
They really like to play this way  
and butt heads every single day.  
(Interlude)

### Verse 6

What can aardvarks do with their heads?  
They sniff, sniff, sniff.  
They sniff out prey before it can hide  
by swinging their heads side to side.  
(Interlude)

### Verse 7

What can rhinos do with their heads?  
They charge, charge, charge.  
Other animals run from their charge  
because rhinos are so large.  
(Interlude)

### Verse 8

What can warthogs do with their heads?  
They dig, dig, dig.  
They dig with their snouts and their tusks  
through dirt, roots, leaves, and even husks!

### Chorus

(Interlude x2)
