

Frogs / Ranas

World
Mark Oblinger

Verse / Verso

Some frogs are as long as your arm,
but others will fit on a nail.
They all start their lives as tadpoles and
swim with gills and a tail.

Hay rana lar-gas co-mo tu bra-zo,
o-tras en-tra-ri-an en u-na bo-
li-ta. To-das na-cen sien-do re-na-cua-jos y na-dan con bran-quias y u-na co-li-ta.

Chorus / Estribillo

Frogs! Rib-bit. Rib-bit. They hatch in the wa-ter, then move to the land. Frogs! Croak. Croak. And that is what makes
an am-phib-i-an grand!

¡Ra-nas! Cro-a. Cro-a. Y cuan-do lo ha-cen, ¡oh, có-mo chi-llan!

Verse 2

Frogs drink through their skin, not their mouths!
Their water should be clean and clear.
With big mouths and long, sticky tongues,
they eat any bug that comes near.

¡Ranas beben por su piel, no la boca!
El agua debe ser limpia y clara.
Con sus bocas grandes y lenguas largas, pegajosas,
comen todo bicho que se acercara.

Verse 3

Most frogs want a dry place to rest
and ponds where they can get wet.
You'll need a terrarium tank
if you want a frog as a pet.

Ranas quieren un lugar seco para reposar
y estanques donde mojarse.
Necesitarás un tanque terrario,
si deseas una rana como mascota.

Verse 4

Some frogs prefer not to be touched,
but some frogs will hang out with you.
Be gentle when handling a frog,
and wash your hands when you are through.

Hay ranas que no les gusta ser tocadas,
pero hay otras que te harán compañía.
Ten cuidado cuando toques una rana,
y lava tus manos cuando terminas.
