

Make Every Day Earth Day!

Hip Hop
Drew Temperante

Chorus

On Earth Day, we work to - geth - er to help an - i - mals, land, o - ceans, and air. But we can do things
eve - ry day to save our plan - et and show we care.

Verse

1. Plants and an-i-mals live all o-ver our plan-et: in the wa-ter, on land, and un-der-ground. Let's keep their hab-i-tats nice and safe.
They'll have a bet - ter chance of stay - ing a - round!

Verse 2

Trees give us food, wood, and animal homes.
Trees give us paper and oxygen too!
Trees are important for all living things.
Let's plant a tree. Plant a tree or two!

Chorus

Verse 3

All living things need clean water,
so we need to keep rivers and oceans clean.
The things you flush away don't just disappear.
They end up in our lakes and streams.

Verse 4

Let's work together and not waste water.
We need clean water to drink and wash our clothes.
Save water by taking short showers.
Let rain water the yard instead of a hose.

Verse 5

We all need clean air to breathe,
but exhaust from cars causes pollution,
so take a walk or ride a bike.
We can skip the trip to a gas station.

Chorus
