1. Let-ters in the mail-box who put them there? I know who it is. It's the mail car-ri-er!

G D E- A

She sees your ad-dress on the let-ter and brings it to your door.
She'll de-liv-er all the let-ters un-til there are no more.

Chorus

G A7 G A

Peo-ple help-ing peo-ple, all a-round. Peo-ple help-ing peo-ple, in my town.

Verse 2

Where is the fire?
The firefighters know.
Their red truck has a siren
and a long water hose.

They help each other hook the hose
up to a hydrant spout.
It takes a lot of water
to put the fire out.

Chorus

Verse 3

When traffic is a problem,
police are on the spot.
In a black-and-white car
with a light on the top.

Drivers can get a little crabby
when they're moving slow.
But listen to her whistle,
and she'll tell you when to go.

Chorus

Verse 4

A garbage collector
needs a great big truck.
And when it gets full,
the compactor smashes it all up.

Chorus

People helping people, all around.
People helping people, sing it again!

People helping people, all around.
People helping people, in my town!
