Verse 2

Can you listen like a cat?
Can your paws go pitter-pat?
Can your ears move fast and quick?
Can you hear the clock go "tick"?

You can hear the smallest sound,
something tiny on the ground.
Something tiny can be found,
if you listen like a cat!

Chorus

Verse 3

Can you listen like a bear?
Can you hear things everywhere?
Put your paw to your ear.
It will help you hear.

You can hear outside the wall,
people talking in the hall,
if you make no sound at all,
if you listen like a bear!

Verse 4

Hey, now, will you look at that?
You can listen like a cat,
like a mouse, and like a bear.
You can listen anywhere!

You can listen when you play.
You can hear a song today.
You can hear what others say
if you listen just like you!
