

What Kind of Clouds?

Americana
Erik Koskinen

Chorus

Clouds are wa - ter. It's that sim - ple. Va-por floats up in the sky. Ti-ny drops and i - cy crys - tals form the

sky shapes drifting by. Are they gray or white, fluff - y or thin? What kind of clouds will this day bring?

Verse

1. A stra - tus cloud! Like a blan - ket, this cloud lies low and thin a - cross the

sky. Watch it driz - zle, oh, so gray. Set - tle in for a co - zy day.

Chorus

Verse 2

A cirrus cloud!
So high above and icy white,
it sparkles in the bright sunlight.
Thin and wispy as a feather,
cirrus promises fair weather.

Chorus

Verse 3

A cumulus cloud!
White and puffy, it drifts through
a sky so perfectly blue,
shifting fast from shape—
a cat, a dragon, now an ape!

Chorus

Verse 4

A cumulonimbus cloud!
Towering tall and flat on top,
this storm cloud is ready to pop.
Flash! Crack! Growl! Ka-BOOM!
Thunder and lightning shake the room.
